

British, U.S. Seek Cease-Fire

NOTES FROM A CITY EDITOR'S DAYBOOK—The Dixon Chamber of Commerce has at hand a neat little movie entitled "It's Everybody's Business," that you might desire to show to your club, society or gathering.

Members of the Industrial Council of the Chamber viewed it following a dinner meeting last night, and pronounced it worthwhile. It's a lively, cartoon-type movie that explains how America's business system was built on freedom.

The production was a joint effort of the U. S. Chamber of Commerce and DuPont. It reportedly cost a half-million dollars to produce.

If you're interested in showing the film, contact Ralph Richie, secretary of the Dixon Chamber of Commerce. The sound film is 16 millimeter. The local Chamber has leased the film for 30 days and you can show it for free. Only cost will be a small rental fee for a projector in case you do not have one. It runs 22 minutes.

POLITICAL NOTE: Of the 20 candidates running for city office next March 1, only a handful were present at the zoning hearing held in City Hall last night. With the town abuzz with planning, zoning, economic studies, et al, perhaps it would be important for our future city leaders to look in on these important sessions.

In connection with planning, several members of the Dixon Chamber of Commerce, including Walter Knack and Secretary Ralph Richie, plan to attend the Midwestern Industrial Development Workshop to be held in Des Moines, Ia., Feb. 3-4. The Workshop is sponsored by the U. S. Chamber of Commerce. More than 300 business and civic leaders from eight states are to be represented.

Some of the top governmental and industrial leaders in the United States are scheduled to conduct the discussions.

House Okays GI Schooling Beyond Jan. 31

WASHINGTON (P)—Unanimous House approval boosted today the chances for quick Senate passage of a bill to continue GI schooling rights for men in the armed services on Jan. 31.

The House passed the measure 356-0 Thursday and sent it to the Senate. Chairman Hill (D-Ala.) of the Senate Labor Committee said he plans hearings on the bill for next week.

The measure would assure up to 36 months of government-financed education for those in service by Jan. 31. After discharge, they will be entitled to 1½ days of educational benefits for each day of service after Jan. 31. The order also had the effect of limiting educational credits of those already in to the amount earned by Jan. 31.

The President supported the limited extension of educational rights recently.

Mrs. Ray Kline, Jr., five years, was absent, when the picture was taken.

Few Turn Out to Hear Details of Zoning Law

Kincaid Explains How New Rules Can Promote Order

Between 30 and 35 Dixonites met Thursday night to hear Evert Kincaid, professional city planner, explain his proposed zoning ordinance. Kincaid also conducted a question and answer period during the two-hour meeting to give ample opportunity for complaints or suggestions to be recorded by the special seven-man zoning committee appointed by Mayor William Slothower.

The committee was instructed to conduct the public hearing — as required by law — and to make a recommendation to the City Council concerning opinions expressed by those in attendance.

Kincaid explained that the intent of zoning is to protect the welfare of the community and is never intended to aid certain individuals.

Might Be Errors

He admitted that there might be some errors in judgment in the proposed ordinance and some borderline cases but requested the property owners to make their complaints and suggestions impartial as possible.

The city planner added that he has never recommended an ordinance yet that it wasn't modified to add more commercial zoning than what was recommended.

He stressed that his ordinance was not intended to be a "fixed thing" but subject to future modifications as the community changes and expands.

Kincaid criticized the existing zoning ordinance as not being consistent with the land use, the excessive space devoted to commercial zoning, non-conformity, and the practice of "spot zoning."

His biggest objection was that existing zoning only provides for three divisions: residential, commercial, and industrial.

More Consistent

By splitting residential zoning into five categories, commercial into three, and industrial into two, Kincaid theorizes that zoning will become more consistent because of conformity.

Some of the questions asked included:

—What about existing land use that doesn't conform to the proposed zoning ordinance?

He answered that no ordinance can cause property use to cease unless that usage is detrimental to health, etc.

—How are you going to change property over to conform with the proposed ordinance?

"By orderly elimination of non-conforming use."

—What about the practice of "spot zoning?"

He answered that this practice is to be frowned upon because of the non-conformity it creates. When asked about the corner grocery store, Kincaid answered that this type of establishment is fast-disappearing from the scene because it can't compete with the downtown competition.

—What about building a church in a residential section?

This is a permitted use and an important part of community integration but warned that it can become a nuisance when built on insufficient space.

—What are the changes in the commercial zoning?

The principal changes are: the elimination of unnecessary commercial zoning around the high school and the extension of the commercial zoning on both sides of Galena Avenue from Fifth to Seventh Streets. He added that there

Two Dixon Youths Plead Guilty; Tampering Charge

Two Dixon youths today asked probation in County court after they pleaded guilty to an information of Judge Grover Gehant continued the arraignment of John Underhill, 15, 522 Peoria Ave., and Leo Fredricks, 17, 324 Central Pl., until Tuesday — pending the report of the probation officer.

The youths admitted taking a truck owned by Hans Nelson, Amboy, about 8 p.m. Wednesday from the Lincoln Lanes bowling alley parking lot and returning it about an hour later.

They told Sheriff John Stouffer and Deputy Sheriff Burns that they

\$2,248.89 Collected In 'March'

Dixonites contributed \$2,248.89 to the polo fund Thursday night during the Mothers' March on Polo, according to Mrs. John Selgestad, chairman of the event. She said the amount was about the same as the total last year.

Sixty-six volunteer workers canvassed homes where porch lights were burning. Police signaled the start of the drive at 7 p.m. by sounding sirens throughout the city. The drive was completed by 8:30 p.m.

The workers, who braved near zero temperatures and snow, were members of the sponsoring organization, the Jay-Cettes, assisted by 25 husbands, members of Dixon Jaycees. The men wore tags reading "Tonight I Am a Mother."

Mrs. Selgestad said that if the Mothers missed anyone who wished to contribute to the March last night, he may call 3-6111.

He's Polar Bear

CHICAGO (P)—The air temperature was around zero and the water about 34 degrees Thursday when William Wohl, 46, an Aurora, Ill., railroad brakeman, took a swim in Lake Michigan. He takes a dip every day because, he says, it keeps him healthy.

Approve Pact

OTTAWA (P)—The Paris agreement to admit a rearmend West Germany into the North Atlantic Treaty Organization was approved by the Senate unanimously Thursday, one day after the House of Commons okayed ratification.

The Double Shivers . . .

SUBLETTE—(Special)—A truck driver stood shivering beside his truck last night—and it wasn't the cold. His truck, laden with 403 cases of dynamite, had just struck and killed a deer on the highway, and the driver, with considerable skill, had kept the truck from overturning.

James Liston, Amboy, state conservation officer, who investigated, said that the unidentified man was driving north on Rt. 52, two miles north of Sublette. His cargo was consigned from a Seneca explosives manufacturer.

The driver told Liston that he first saw a large buck cross the road. The animal was followed by a 90-pound doe which the truck met headon.

Iowa Driver Dies in Rt. 30 Truck Crash

Damage to 2 Vehicles \$30-35,000

Load of Auto Parts Lost in Flames That Swept Wreck

One Iowa truck driver was killed and a second slightly injured early today when their loaded vehicles collided about four miles east of the Rt. 52 junction on Rt. 30.

A Lee County coroner's jury today ruled that Raymond G. Reasland, 43, Sumner, Ia., was accidentally killed about 12:10 a.m. today when the semi-trailer truck he was driving rammed into the rear of another one.

Edward E. Carpenter, 32, Des Moines, Ia., suffered a split lip and an injured knee when the Cities Service tank truck he was driving was struck.

The truck driven by Reasland, leased by the Western Transportation Co., caught fire immediately following the collision and was destroyed.

\$30-35,000 Damage

The state police estimated the damage to the truck driven by Reasland at between \$25,000 and \$30,000. The damage to the other truck was estimated at \$5,000.

Reasland was pronounced dead at KSB Hospital, Dixon, when the ambulance arrived about 2 a.m. He reportedly died from a brain hemorrhage, internal injuries and severe burns about the lower extremities.

State Policeman Robert Fischer and Coroner Robert Preston reconstructed the accident in this way: Carpenter's truck reportedly stalled while westbound on Rt. 30.

He parked the tank truck on the shoulder and returned to the Rt. 51 junction to commission a wrecker.

The wrecker had pulled the truck only a few feet in the westbound lane when Reasland's truck rammed it.

Carpenter said they couldn't see any traffic approaching as they pulled onto the highway and estimated they were moving about 10 or 12 miles an hour when the crash occurred.

The impact knocked Carpenter's truck into the ditch and caused Reasland's vehicle to burst into flames.

Pinned by Wheel

Reasland was pinned by the steering wheel inside the flaming cab and could not be freed until the wrecker pulled the cab apart.

He was loaded into an ambulance about 1:30 a.m. while still alive but died en route to the hospital. Fischer said he was breathing very faintly when they left for Dixon.

The Amboy fire department battled the blazing truck most of the night. The truck was loaded with expensive auto parts.

Fischer said he arrived at 1:10 a.m., and found Carpenter's truck in the ditch and Reasland's blazing vehicle blocking the highway.

He said it was snowing when he arrived and the visibility was "fair." Fischer added that he was aided by Patrolmen Earl Barribeau, Jack Johnson and Fred Pfeiffer.

ROME GROWING

ROME (P)—The latest census estimate places Rome's population at 1,790,653, an increase of 782,555 over the 1931 figure. Rome is now the eighth largest city in Europe.

Interest In Northern

DIXON HIGH SCHOOL SENIORS, seeking information on colleges and universities they may attend next fall, gather around Martin H. Bartels (second from left), of the placement division of Northern Illinois State Teachers college, DeKalb, at the high school Thursday. Increased interest is being shown in Northern since the college is asking the legislature to elevate it to university status. If this should occur, Lee county high school graduates will have a branch of the University of Illinois 40 miles from home. Bartels' visit to DHS yesterday was part of the College Day activities, a day set aside for college and university representatives to present prospective students information they may find helpful in choosing a school of higher education. Left to right: Lou Wigginton, Bartels, Walt Bacon, John Utley, "Cubby" Nelson, Monte Smith, and Helen Harden.

Mercury Will Go Down, Down.... 10-15 Below Forecast; Little Relief Is Seen

Dixon can expect more bitterly cold weather tonight, as a giant mass of frigid air continues to hold much of the nation in its grip. The weather bureau predicted the low tonight in the Dixon area will be 15 to 16 below zero. That compares with the -14 reading recorded early Thursday.

Dixon today had what might be called "slight relief" from the bitter readings of yesterday and those predicted for tonight. The low temperature this morning was 1 degree above zero after a high of 6 Thursday. The city received about 1½ inches of snow Thursday night, and more snow is forecast by Saturday afternoon or evening. The high Saturday will be 5 to 10 degrees above zero and the low Saturday night about 5 below.

There's little relief in sight. The five-day Illinois forecast predicts temperatures 13 to 15 degrees below normal for the next five days.

Northern Illinois' low temperature at this time of year averages 17 degrees, and the high 33 degrees. But Midwesterners aren't the only ones shivering. The edge of the cold wave swept into the East today, and spread farther into the South.

The lowest reading this morning was an unofficial 35 below in Saranac Lake, N. Y. Other reporting stations in Maryland, New York, Vermont, New Hampshire and West Virginia listed readings ranging from 10 below to 26 below.

Washington, D. C., had an unseasonable 12 degrees. In most of the South temperatures dropped to below or near freezing all the way to the Gulf of Mexico.

A few of the temperatures reported in the Midwest today were: International Falls, Minn., 26 below; Minneapolis-St. Paul, 8 below; Sioux City, Iowa, 2 below; Green Bay, Wis., 1 below; South Bend, Ind., 4 below; and Columbus, Ohio, 7 below.

Lehman Warns Against Rash Action on Formosa

WASHINGTON (P)—Sen. Lehman (D-Lib-N.Y.) told the senate today that "rash or reckless action" under the terms of the house-approved fight-for-Formosa resolution could plunge this country into war with Red China without allies.

Lehman called for a delay in action as he opened the Senate's third day of debate on the proposal. Sen. Morse (Ind-Ore), an opponent of the resolution, predicted, however, that a final vote would be reached late today.

Morse, Lehman and a few others have sought to strip from the measure authority under which the President Eisenhower could order U.S. forces to defend Quemoy and Matsu and to strike at the Chinese mainland in case of a Red buildup threatening Formosa.

Asserting that it would be a "tragic error" not to seek United Nations action toward bringing peace in the Formosa Strait, Lehman said there is no "historical justification" for American defense

May Invite Communists To UN Talk

Eden Spearheading Plan to Head Off Pacific Showdown

LONDON (P)—Official British informants said today Britain and the United States have agreed to invite Communist China to a United Nations Security Council meeting for discussion of a cease-fire in the China fighting.

These responsible informants said New Zealand, in agreement with Britain and the United States, will ask the council to meet Monday to consider extending the invitation to the Peiping regime.

The United States and Nationalist China were reported ready to participate in the discussions with the Chinese Reds.

Eden's Plan

Foreign Secretary Anthony Eden is expected to ask India's Prime Minister Nehru to use his influence

UN TO MEET MONDAY

UNITED NATIONS, N. Y. (P)—Sir Leslie Knox Munro, New Zealand, today called a meeting of the U.N. Security Council on Monday to launch debate on a cease-fire in Formosa Strait. The session will be held at 10 a.m. CST.

with the Chinese Reds to get them to accept a Security Council invitation.

Premier Chou En-lai of Red China said Monday the United Nations had no jurisdiction in the Formosa clash.

Eden, meanwhile, was said to be backing a plan proposing a U. N.-sponsored cease-fire in the China Strait, plus Nationalist withdrawal from Chinese coastal islands.

The British Foreign Office refused to comment on these reports and the U. S. Embassy spokesman was not available for comment.

Work Through Nehru

If the plan wins U.S. and Chinese Nationalist approval, informants said, Eden will ask Indian Prime Minister Nehru to seek Red Chinese acceptance of it.

According to the reports, Eden's plan calls for:

1. The U.N. Security Council to ask both Peiping and Chiang Kai-shek's Formosa forces to agree to a cease-fire without prejudice to their legal territorial claims.

2. Withdrawal of Chinese Nationalist troops from all China's coastal islands, including the Tachens, Matsus and Quemoy.

3. A pledge by Red China not to attack Formosa or the neighboring Pescadores pending an eventual peaceful settlement of rival sovereignty claims.

4. Fresh consideration by the Western Powers of Red China's demand for U.N. membership.

Nehru conferred with Red China's charge d'affaires in New Delhi Thursday night, before taking off today for London to attend a Commonwealth prime ministers' conference.

Navy Ready For 'Local' Naval Actions

WASHINGTON (P)—Secretary of the Navy Charles S. Thomas told Congress today the Navy can "adequately cope with any local naval actions" in the narrow Formosa Strait, but is not ready for "a major conflict."

The secretary did not elaborate on Formosa in a statement prepared for the House Armed Services Committee. But presumably he meant that fleet units could handle foreseeable Communist submarine and air attacks that might be thrown at them in the area.

"If a major conflict should occur now or in the future," he said, "this current naval program is still designed to withstand the initial onslaught, to contribute immediately to the nation's retaliatory power, and to provide a base for full and rapid mobilization."

"The Navy at present strength can, in my opinion, adequately cope with any local naval actions with respect to the limited area of the Formosa straits," the secretary said.

Thomas and his military chiefs, briefing the committee on Navy-Marine strength all said they would accept proposed manpower cuts but were not enthusiastic about them.

Attend the Church of Your Faith Regularly

ALL MIXED UP

Johnny's all mixed up! His coat rumpled and twisted! Buttons all wrong!

Do you know what Johnny's trouble is? He got a bad start. He poked the first button in the wrong hole.

You see, that first button is all-important. Unless Johnny gets that one right, the other buttons will never follow in pattern.

Johnny's first years are all-important, too. Without the proper Christian training, Johnny will get all mixed up inside. He will learn bad habits, dishonesty, untruthfulness. His life will become rumpled and twisted.

Bring your Johnny to Sunday School and Church. Help Johnny to a right start. The rest of his life will follow in the Christian pattern.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Wants God to Punish Sister Who Beat Boy

OKLAHOMA CITY (AP) — George Stanley, whose 29-year-old sister admits the brutal beating of his 5-year-old son, told officers Thursday night he didn't want her prosecuted, preferring to "leave her fate up to the Lord."
The 32-year-old unemployed father from Houston, Tex., made the statement after visiting the youngster's bedside. Physicians said the child, Lloyd George, was so badly beaten that they have doubts he will recover.
Mrs. Virginia Frances Thompson, 29, and her husband Lawrence 32, were jailed in Pauls Valley Tuesday night. They were arrested at their farm homes by officers who were tipped that the 5-year-old youngster was in serious condition.
They found his brother James Edward, 3, also had suffered serious treatment.
Mrs. Thompson said the youngsters annoyed her husband and were "always moaning and groaning."

Director Will Visit Church Here

The Rev. Russell F. Rice, state director of Christian Education, will spend Sunday at the Presbyterian Church observing and coun-
selling with regard to the church's educational program.
He will visit the various depart-
ments during the Sunday school hour, will preach at the Youth Sun-
day worship service, will confer with departments in the afternoon, and will lead a conference for all teachers and officers in the eve-
ning. The evening meeting will begin at 7:30 o'clock and will end with refreshments and a fellow-
ship hour.
She said the 5-year-old child is "possessed of the Devil" and that she and her husband prayed for him, but the child "wouldn't help God."
Stanley described his sister as a religious fanatic.
County Raymond Burger said he intended to prosecute Mrs. Thompson.

A Flexible Approach

The Formosan policy which President Eisenhower laid down and congress has moved swiftly to support is designed with a shrewd flexibility that should serve well America's interests in the Far East.

At root this policy is not new. We are flatly and firmly committed to the defense of Formosa and the nearby Pescadores Islands. Any attempt by the Chinese Reds to conquer these territories means war with the United States. Our unratified Formosan treaty with Chiang Kai-shek spells out this commitment.

The Communists have known for a long time that if they tried to take these islands they would have to pierce the protective screen provided by the U. S. 7th fleet. Congress is now authorizing the president to employ American forces more broadly, which at least would also include our air arm, to safeguard Formosa.

Where Mr. Eisenhower's newly enunciated policy is most distinctively different, where it is most flexible, is in the matter of our possible defense of other areas, particularly islands close offshore from mainland China, which are related to the protection of Formosa.

The president did not ask congress to commit this country to the defense of Quemoy, Matsu, the Tachens or any other coastal isles. Instead he is getting the authority to send U. S. forces "wherever they are needed" for the defense of Formosa and the Pescadores.

This broad power quite obviously could allow use of our naval and air arms for defensive operations in and around the key coastal islands. On the other hand, we are leaving the way open for not coming to their aid, if our military men should view such action as impractical and unwise.

Most of the coastal islands are within shellfire range of the Red mainland. Our fleet might be sorely handicapped in attempts to maneuver effectively in the narrow waters between the continent and these offshore patches. Furthermore, there are reports that the Reds have superior air power in this general area today; the fleet might be hard pressed unless we first engineered a considerable build-up of our own air strength there.

The net military effect of the latest American policy moves would seem to be to make it crystal clear to Red China that the American people, through both their president and their congress, are stoutly braced against any Communist intrusion upon Formosa; but to keep the Reds still guessing as to what this nation will do about any specific advance against the coastal islands.

The coastal group gives Chiang bases for minor harassment of the mainland, and serves secondarily as observation outposts. And while we have discouraged him from any mainland ventures of major scale, we would be pleased if he could hold these islands. Their vulnerability, however, would appear to limit what we can do in their defense.

In consequence, a flexible approach was the wisest course, and it just happens to blend admirably with current efforts to arrange a UN cease-fire in the area. We have made no new rigid commitments from which we would find it embarrassing to retreat in the off-chance that these efforts should succeed. Diplomatically, as militarily, we have maintained a fluid outlook that fits a shifting situation.

Look Within Yourself If You Worry Over Husband's Love

It's a mistake for a woman to let herself start wondering if her husband loves her.

She will be a lot happier if she assumes he does than if she starts looking for reasons to prove that he does or doesn't.

And besides there are more important questions that she should be asking herself. If she wants to make sure of a happy and lasting marriage.

One of these is: Do I express my love for my husband in ways that make him happy and content? A wife's love isn't worth much to a husband if it makes her a nagger, or a suspicious wife, or so possessive that she resents his interest in anything or anybody that doesn't include her.

Another important question is: Am I making the kind of home for my husband that he hoped to have when we married? After marriage it is easy for a wife to start thinking of "our home" as "my home"

and to run it to please and to suit herself.

BE HELPFUL TO HIS WORK
Still another revealing question is: Am I encouraging my husband to make the most of his talents and abilities so that he is happy in his work? The man who is happy at his job is sure to be happier with his wife than is the man who hates his work.

Am I the kind of person my husband would like and admire if I were not his wife? No woman ought to count on a husband's liking and respect just because he once fell in love with her. Liking and respect have to be earned—and once they are earned they have to be kept in good repair.

Too many women waste too much time worrying over whether or not their husbands love them. If they never bother to question that fact, then they can put their minds to work on things they can do something about. For instance, making their husbands happy and winning their liking and respect.

The Doctor Says:

Doctor Passes on Some Readers' Remedies Which May Help Relieve After-Bath Itching

By EDWIN P. JORDAN, M. D.

A few weeks ago this column carried a brief discussion of with which many people are afflicted following a bath. After its publication several correspondents wrote in with suggestions, which, since I do not see how they can do any harm, I shall pass on.

Several with this affliction said they had received great relief by adding two or three tablespoons of ordinary baking soda to the bath water. Several said that they had been improved by avoiding drying with a towel, merely letting them selves dry slowly in the bathroom.

One wrote that in summertime she got relief by dressing immediately after the bath and going out into the sun. I might add that all correspondents indicated that this

post-bathing itching was extremely uncomfortable until they had obtained relief in one way or another.

Q—I have been bothered with my feet and hands becoming numb. Can anything be done and what is the cause?

A—This symptom alone is not enough on which to base a diagnosis. It could conceivably be related to pernicious anemia but it might also be the nervous system. If severe it calls for diagnostic studies.

Q—Would you please say something about chronic orthostatic hypotension. Is it related to Addison's disease?

A—This inquiry refers to a kind of low blood pressure which is related to posture. In a few people the blood pressure falls when they stand upright and this may produce weakness, fainting, blurred vision or the like. When such a person lies down the symptoms disappear and the blood pressure returns to normal. This kind of thing can happen in a number of disorders including Addison's disease or it can develop in the absence of any definite reason. Addison's disease must be considered as only one of several possibilities and a remote one at that.

Q—I am 15 years old with two children. Six or eight of the children my legs seem to hurt quite often, and I notice a number of enlarged veins on my legs. What would you suggest? Mrs. J.

A—One would suspect that the discomfort in the legs is the result of the enlarged varicose veins. Depending on their size and other factors they might be operated on, injected, or treated by wearing elastic stockings or bandages. Certainly at the age of 25 one would not want to consider suffering from something which can probably be corrected by taking active steps to remedy the situation.

Q—I am 30 years old and bothered with soreness or tenderness in both breasts. This does not cause severe pain but rather is sore in some places. Is this unusual and should I see a doctor about it?

Mrs. S. O. A—This cannot be considered strictly normal and I should certainly advise you to see your doctor about it. As I have said a great many times, any ailment which needs treatment is much easier and more successfully treated early.

FIRST FATALITY

First fatality from a railroad accident occurred in England in 1830, at the opening of the pioneer Liverpool to Manchester road, the victim being run over by the locomotive.

On the night of Dec. 20, 1931, Josephine Baker, a kooch dancer who was born in St. Louis but acquired French nationality by marriage, kicked up a nasty row in the Stork Club, New York, on a false pretense that she had been snubbed by the waiters because she was a Negro. Noisy publicity ensued. Sherman Billingsley, the owner of the Stork, and Walter Winchell, his personal friend, said the whole affair was planned and executed as a propaganda coup.

The Baker woman subsequently made print with derogatory cracks about the United States. Soon after this uproar she landed in Buenos Aires where she really did tee off on the land of her birth. She "contributed" six articles to Juan Peron's anti-American paper, "Critica." In an "interview" with Peron's press, she said she had seen many Negroes lynched in this "land of barbarity." She thanked God for "making men like Peron."

Later that night she went to a steakhouse operated by the Brothers Rubin, one of whom is now seeking a license for a gambling house in Las Vegas, and there sounded off on a local broadcast conducted by a character calling himself Barry Gray. During the harangue, Gray got a phone call from Ed Sullivan, the eminent master of ceremonies of the Sunday night TV galas. Sullivan expressed sympathy for the Baker woman and was invited to come over and take the air. This he did two nights later, in part as follows:

"I'd like to start off by saying I, as an American, despise Communism. I despise any ism contrary to old-fashioned Americanism. No liberal conception of Americanism—I'm talking about old-fashioned Americanism where you get a great thrill in your heart when the Star Spangled Banner goes by and you take off your hat. So I hate anything that's un-American. But of all things that are un-American to me, the gravest affront is character assassination. So I despise Walter Winchell for what he has done to Josephine Baker."

"You know they talk of Senator Joe McCarthy as a symbol of character assassination. And he has projected that to a point where it is extremely dangerous. A point where decent men like Federal Judge Tom Murphy are afraid to take public office because of the character assassination that will be practiced on Tom Murphy and his family and his religion."

Murphy already has served as a public officer in the two prosecutions of Alger Hiss and in the performance of other duties of an assistant U. S. attorney. And he was, as Sullivan noted, at that time a public officer on the federal bench. No whisper of scandal was heard or published about him, except slanted innuendoes in their coverage of the trials published by the New Deal and mock Republican press which fought for Hiss. His religion has never been

mentioned except in the ordinary way. Continuing Sullivan said: "That's what character assassination amounts to. It means a sneering campaign against which the victim has no defense. It's the big he repeated over and over and over again. But long before McCarthy came into this character assassination racket, Winchell was one of the originators of character assassination."

"Now what he's done to Josephine Baker and which has been corrected here is in the finest tradition of American fair play. What Winchell did to Josephine Baker is an insult to the United States and American newspaper men."

"He had called her a Fascist, he had called her Communist, anti-Semitic and anti-Negro. And there was evidence from the French government that here was one of the great French war heroines. So the thing to me when you put her on was actually a revelation. This is actually a very beloved performer over here (France). Instead of ever once questioning the principle which Josephine Baker was upholding he started an attack on her. He sailed out on this train of absurd accusations and said she had promised Mussolini she would enroll an army of Italians against the Ethiopians."

Gray closed the discussion with a salute which touched off an ovation. "Miss Baker," he said, "would you show this audience that wonderful face?"

That wonderful face is now legally excluded from the United States by the Department of Immigration and Naturalization. Accordingly when Josephine Baker hit Idlewild Field, New York, recently, in flight from Paris to Mexico City, she was sealed off for four hours until her plane took off.

The same restaurant and its radio interlocutor later gave the privilege of the air to Herman Green, the ex-convict and underworld character from Brooklyn who hit Nevada as press-agent for the Buggy Segal mob. Green delivered a vicious attack on the late Senator Pat McCarran. This was character assassination at its worst, the most brutal harangue ever heard on the American air, with a striking similarity to the foulest broadcasts of Hitler and Goebbels. The audience laughed uproariously when Green spun dolefully remarked that McCarran had disappointed his hopes by recovering from a heart attack.

Sullivan's greatest previous exploit of this type was his adieu to Frankie Marlow, a gangster, gunman, bootlegger, wife-beater and crimp-game racketeer who was knocked off in a routine mob dispute. Marlow was, in Sullivan's published opinion, one of the finest human beings of his time on earth.

Vanessa Brown completed her first telefilm, "The Legacy."

Mrs. Robert Cummings is beaming over Bob's switch from "My Hero" to his new show. He was a hero to her and says of his now settled Beanie Blossom character: "I hated for the children to grow up thinking their father was like that."

Ameche, Shaw to Baltimore in Pro Draft

Guglielmi to Washington In 1st Round

Experts Pick Colts As New Contender For Title in 1955

NEW YORK (AP)—Two of the slickest quarterbacks of the 1954 college season—George Shaw of Oregon and Ralph Guglielmi of Notre Dame—may play their trade within 35 miles of each other next fall and make contenders of two of the weaker sisters in the National Football league.

Shaw, a 185-pound throwing whiz who led the nation's major colleges in total offense was the surprise bonus pick of the Baltimore Colts in Thursday's prolonged professional draft, enabling the Washington Redskins gleefully to pluck the All America Guglielmi.

Wilbur Ewbank, the Baltimore coach, explained his choice of Shaw, a third-string All America, over the highly touted engineer of Notre Dame's fighting Irish.

Know He's Great "We think Shaw is the best quarterback in the country, barring none," he said. "We know he is a great passer—he proved it with a losing team. We weren't too sure about the passing of Guglielmi because Notre Dame isn't essentially a passing team."

The Colts in their first regular pick seized Alan (The Horse) Ameche, stampeding All America fullback from Wisconsin, giving them a potent one-two punch on the ground and in the air.

Tightened League Seers of the professional circuit immediately labeled Baltimore a team to be contended with in 1955. The Colts were next to last in the Western Division last fall with a 3-9 record.

"The draft tightened the league considerably in my opinion," said Commissioner Bert Bell. "Baltimore and Washington particularly strengthened themselves."

Today league directors concern themselves mainly with business matters and may even get their teeth into proposed rule changes by late afternoon.

Pick 7 Irish The main proposal is that the ball be declared dead as soon as a player hits the ground. This is to prevent piling on. The suggestion of a seven-point touchdown is headed for the ashcan.

The draft reflected the usual high regard for Notre Dame teams. In the first five rounds, seven members of the Fighting Irish were picked. Oklahoma and Southern California followed with three each.

In the eligible All America list, those picked on the first ballot included Ameche, Guglielmi, half-back Dicky Moegle of Rice and center Kurt Burris of Oklahoma.

Frank MacDonald, Miami, Fla., end, was picked on the seventh ballot by Baltimore. Other All America players were either ineligible or had figured in previous drafts.

LaMoille Trips Wyanet After Manlius Wins

OHIO (Special)—Manlius and LaMoille advanced to the semi-finals of the Little Eight basketball tournament here last night as Manlius held off a Neponset rally for a 34-45 win and LaMoille tripped Wyanet, 74-67.

Manlius galloped to a 46-23 lead after three periods and then sent in the reserves. But with three minutes left, a hot shooting Neponset team had cut the margin to six points and the varsity was called on to stem the tide. Norm Berry with 14-1 for 23 was high for Manlius while Dick Heise had 3-7 for 13 to lead Neponset.

Dick Hamrick, who's 40 points paced Wyanet to a 71-64 win over Ohio. Tuesday, wasn't as hot last night. He garnered 10-6 for 25 to lead his team but got 14 of them in the final quarter after LaMoille had taken a 50-43 lead. Roger Weller of LaMoille, with 19-4 for 30, led the scoring for the night.

Tonight, Buda meets Manlius in the first game and LaMoille takes on Tiskilwa in the nightcap of semi-final action. Consolation and final round games will be played Saturday.

Manlius 13 16 17 8-54
Neponset 7 10 6 22-45
LaMoille 22 18 19 15-74

Champ to Test Nose, Feb. 12

NEW YORK (AP)—For almost three weeks Rocky Marciano has been training for an unveiling—Feb. 12—the day they will let somebody take a poke at his nose to see how it holds up.

There is a noticeable scar on the left side of the heavyweight champ's nose, a memento of his fight with Ezzard Charles in September. Nobody knows for sure what will happen when it gets hit.

Marciano was in town Thursday to accept the Sport Magazine award as "Man of the Year in Sports."

"I don't think the nose is going to bother me," said Marciano.

"The other day the bag bounced back and hit me on the nose, but nothing happened."

DIXON HIGH SCHOOL has signed another two-year pact with West Rockford in football with the Warriors coming to Dixon in 1955 and the Ducks repaying the visit in 1956.

However, Athletic Director Art Bowers is looking for an opening game, Sept. 16. Dixon will take on a two-year contract with a preference for an away game in 1955 and a home game in 1956.

THE REMAINDER OF THE GRID schedule remains the same as last year with Rock Falls and Princeton rounding out the non-conference end of the schedule.

CHARLES "CHUCK" STUDLEY, 25, head football coach at Alton high school, has been appointed as an assistant football coach at the University of Illinois.

Studley is to be added to the staff and not to replace any one.

IN ADDITION, RICHARD "ROCKY" RAKOVITS, 26, of Chicago, has been appointed assistant freshman football coach. In addition, Rakovits will become head freshman baseball coach in 1956 since Russ Steger has resigned, effective June 1.

FINALS OF THE ILLINOIS State Interscholastic wrestling championships will be held in Gymnasium Annex at the University of Illinois, Feb. 25-26. Albert Willis, executive secretary of the IHSA has announced.

Entrants, consisting of winners and runners-up in sectional competition will qualify at meets scheduled in eight areas during the period, Feb. 17 to 19.

Marquette Even Surprises Its Coach

Western in IAC Lead Once Again

Turns Back Normal With 79-69 Win; Southern Five Idle

CHICAGO (AP)—Western Illinois State took over the undisputed lead in the Interstate League basketball race Thursday night by defeating Michigan Normal 79-69 at Ypsilanti, Mich.

The victory was Western's fifth in six IAC starts and boosted the Leathernecks to a half game edge over Southern Illinois, Southern, with a 4-1 record, was idle Thursday but resumes league action Saturday against Northern Illinois (2-3).

Western takes on Central Michigan (2-3) the same night.

At Ypsilanti, Normal scored 29 baskets to Western's 26 but made good only 11 of 24 free throws. Western led 44-29 at the half.

Chuck Schramm topped the winners with 18 points. Normal's freshman forward, Charles Teaberry, scored 22.

Before meeting Southern, Northern goes against Eastern Illinois at Charleston tonight. Defending champion Eastern has won only two of three starts.

Johnson Faces Fuentes Tonight

PHILADELPHIA (AP)—George Johnson of Trenton, N. J., and Ramon Fuentes of Los Angeles try to climb over each other to better days in boxing tonight in their 10-round nationally televised bout.

The 23-year-old Johnson hopes to improve on his ranking as the 10th best middleweight. He has a record of 28 wins, 21 by knockout, and five losses. His principal claim to fame is a TKO victory over Moses Ward.

Fuentes, 29, is rated fourth among the welterweights with a record of 31 victories, four losses and one draw.

The bout gets underway at 9 p. m. (CST).

Golf Notes

EL CENTRO, Calif. (AP)—Bob Harris of Chicago, with a 6-under-par 63, led at the opening of the second round today in the \$5,000 Imperial Valley Open golf tourney.

Pincks One Step Closer to Unbeaten Basketball Season

SPRINGFIELD, Ill. (AP)—Unvanquished Pinckneyville sidetracked Olney 71-33 Thursday night to take one more step toward a prospective clash with Centralia in the Salem invitational tourney.

It was the 18th victory for the Pincks who now advance into a semi-final tilt with Salem, the 62-42 conqueror of Vandalia. Twice-beaten Centralia tussles with Flora in the semi-windup phase. If the Pincks and Centralia conquer, they will meet Saturday night for the tourney crown.

Pinckneyville is given a good chance of skimming through its season unbeaten if it can come through this tourney without a setback.

Waukegan Plans Fete for Graham

WAUKEGAN, Ill. (AP)—A huge testimonial banquet honoring Otto Graham, most publicized athlete in Waukegan sports history, has been set for Feb. 26, in the Waukegan Township High School gymnasium.

The citywide testimonial is being sponsored by the Chamber of Commerce.

Graham starred for Waukegan Township and Northwestern before starting his long professional career with the Cleveland Browns. He announced his retirement from pro football after last season.

Another Chicago Star for Illinois

CHICAGO (AP)—Ron Nietupski, 6-2, 201-pound tackle for Fenwick High's Chicago championship football team, said Friday he will enroll at the University of Illinois Feb. 7.

Three other Fenwick players also plan to go to Illinois. They are fullback Jack Delveaux, who with Nietupski was Fenwick co-captain, and linemen Jim Carlson and Art Krummel. All are midterm graduates.

File Protest

TULSA, Okla. (AP)—St. Louis University has filed a protest against the Missouri Valley Conference sponsorship of a Christmas holiday basketball tournament, Dr. George Small said today.

Warriors in 14 Game Win Streak Now

Turn Back Loyola Of South, 73-70; Eye 15th Tonight

By The Associated Press
Even Marquette Coach Jack Nagle must be surprised over the Warriors' basketball success this season after their mediocre showing a year ago.

Marquette, the nation's 11th-ranking team, has put together a 14-game winning streak—longest in collegiate circles this season—after an opening loss to Michigan State.

The Warriors extended their skid with a 73-70 victory over Loyola of the South Thursday night. The streak will be on the line when the teams meet again in New Orleans tonight.

Denver Wins
Nagle took over the helm at Marquette last season and his team won 11 and lost 15. Although Marquette had 10 lettermen returning for the 1954-55 campaign, Nagle never figured that his club would improve as much as it has.

Marquette piled up a 36-22 half-time bulge Thursday night but barely stood off a last-half surge by the New Orleans club.

Action against was light Thursday night with most of the major teams still idle due to midyear examinations.

Denver broke an 11-game Sky-line Conference losing streak by upsetting defending champion Colorado A&M 73-69. Denver led at halftime 33-32 and never was headed.

Trabert, Seixas Win First Aussie Title in 22 Years

ADELAIDE, Australia (AP)—Tony Trabert and Vic Seixas followed up their Davis Cup triumph by becoming today the first American team to win the Australian National Doubles tennis championship in 22 years.

Playing in 82-degree heat they whipped Australia's Lew Hoad and Ken Rosewall, 6-3, 6-2, 6-3, 6-1.

Ellsworth Vines and Keith Gledhill were the last Americans to win the Australian National Doubles and that was back in 1933.

Trabert, the only U. S. survivor in the singles, battles Rosewall in the semifinals Saturday. Seixas was eliminated by Hoad in a quarter-final match.

Fear High Corn Borer Damage

Borer Moths Numerous; Weather to Play Big Role

WASHINGTON (AP)—The Agriculture Department said today field surveys point to a serious infestation of the destructive European corn borer this year in the nation's corn belt.

The degree of the infestation will be determined largely by weather conditions during the spring, the department said, adding that potential egg-laying borer moths are much more numerous now in many areas than at any time since 1949.

A serious infestation in 1949 cost growers an estimated loss of 350 million dollars.

Warm, moist weather during the spring season is generally favorable to the development of corn borers. Cool, dry, windy weather is usually unfavorable.

The insect cuts its way into stalks of the corn plant, sapping plant vitality. Experts say a single borer in each plant can reduce crop prospects an average of 3 per cent.

The department said the survey showed that in the 13 north central states, corn borer populations last fall averaged 223 for every 100 stalks of corn. This compares with an average of 114 for each 100 stalks found in a similar survey in the fall of 1953.

The department said biggest problem areas this year are likely

to be central Iowa, southeastern South Dakota and central Illinois. Iowa was said to have averaged 497 borers for each 100 stalks.

A spray of DDT is used to combat the pest.

EMPLOYMENT SITUATION IS PROMISING—This is a chart used to illustrate President Eisenhower's ideas on employment and unemployment. Of the total labor force of 64.4 million, there were 61.2 million people working during 1954. This was one of the best years during the seven-year period. Unemployment, after leveling off during 1951-1953 rose sharply in early 1954. However by year's end, unemployment dropped to 3.2 million.

Stratton Plans Adding 100 More State Policemen

FREEDPORT, Ill. (U. P.) — Gov. Stratton plans to recommend that 100 patrolmen be added to the State Highway Police force.

The governor, in a speech Thursday night to the Freedport Junior Chamber of Commerce, said the recommendation will be included

in his budget message to the General Assembly in March.

Stratton said also that he favors a pay increase for highway patrolmen in hopes of making the job a profession.

On another subject, Stratton said he was "encouraged" by a federal court's dismissal of a suit aimed at blocking construction of the proposed 193.3 mile state toll road project. The suit was brought by a group of 30 suburban Chicago landowners.

Stratton said the court decision may permit actual road construction to get under way in a few months.

Hunt Slayer Of Rubinstein

Fifty Detectives Are Puzzled by Strangling

NEW YORK (U. P.)—Fifty detectives early today combed plush East Side night club haunts of the slain Serge Rubinstein, Russian-born playboy, financier and convicted draft dodger.

Stymied after hours of intensive

investigation, police tried the night spots for anyone who might shed light on the last movements of the 40-year-old Rubinstein, found mysteriously murdered Thursday on a bedroom floor of his palatial Fifth avenue mansion.

tion blind cord, and several layers of surgical tape were around his throat and mouth. The face bore several abrasions but the rest of his body was unmarked.

After a three-hour autopsy Thursday night, the medical examiner's office reported: "Rubinstein died of manual strangulation."

The ornate bedroom on the third floor of the six-story house had been ransacked but police could find nothing missing. A safe in the 20-foot-square room was untouched.

Authorities questioned three persons, including brunette Estelle Gardner, a model, who said she had dinner with Rubinstein Wednesday night and returned with him to his home.

Rubinstein's body was found by the family butler, William Morter, at 8:30 a. m. Thursday.

Home Barred
Also in the house at the time of the slaying were the dead man's 78-year-old mother, Stella; his aunt, Genia Forrester, 82; a woman cook, and two part-timers. The home was barred and locked and there was no sign of forcible entry.

A boy wonder in Wall Street, a dashing figure in the continental capitals of the world, Rubinstein served 2½ years in prison for draft dodging in World War II. He was ordered deported in 1952 and his appeals from the order still are pending.

Falls 11 Stories, Boy, 2, Survives

NEW YORK (U. P.)—Two-year-old Richard Badgett Jr. was kept overnight in Bethel Hospital after falling 11 stories from the window of his Brooklyn apartment Thursday and landing on a grassy plot.

The hospital said that aside from a couple of minor scalp cuts they could find nothing wrong with him.

Auto Slips Off Cliff, Driver Dies in Wreck

JOLIET, Ill. (U. P.)—A Lockport Township man was found dead Thursday in his wrecked automobile at the bottom of a 25-foot cliff on U. S. Highway 66A near Joliet.

He was William C. Dolan, 55. Sheriff's deputies said Dolan ap-

parently was trying to "rock" his vehicle loose from ice at the top of the cliff when it slipped over the edge.

Dolan, caretaker for the Will County Forest Preserve and a deputy sheriff, was survived by a daughter and two granddaughters.

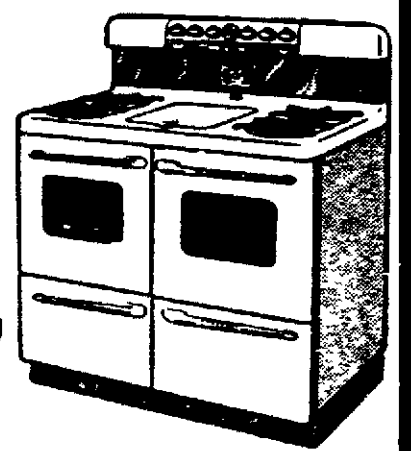

A coroner said Dolan had been dead about eight hours before the wreckage of his car was spotted by a passing motorist.

Almost all artillery shells for the U. S. armed forces were made of brass a few years ago, but now almost all are made of steel.
